Source: Current Population Survey Annual Social and Economic Supplement (CPS), 2008

Definitions: "Pct"=Percent; "SE"=Standard Error as a percent

Insurance coverage notes: Listed Medicaid rates include SCHIP and state-specific public programs. Those who report multiple types of insurance coverage (i.e., private, public, or military) are included in each category; therefore, row totals can add to more than 100 percent.

CPS methodology note: The CPS asks respondents about their health insurance coverage at any point in the last calendar year.

For technical documentation on the CPS, please visit www.shadac.org.
